Recovery Audit Contractors: 3 Year Demonstration Project

The Special Open Door Forum on the Recovery Audit Contractor (RAC) Demonstration, which was previously scheduled for Wednesday, September 21, 2005 (2:30 – 4:00 PM, Eastern Time) will be postponed until October, in order to add recently updated information to the agenda, including more detail using specific case examples, and operational aspects of the appeals process.

We will send out a new ODF listserv message in the next few weeks, with the new date and time for this forum.

Thank you for your participation in the Open Door Forums.
